The Clutter Bug

CHORUS:

The Clutter Bug, Clutter Bug, Clutter Bug,
Never know where she's hiding,
She's the Clutter Bug, Clutter Bug,
Watch out she'll clutter on you!

1. If your room is filled with toys,
And you don't have any space,
Put some in a box and give them away,
Put a smile on somebody's face.

CHORUS

2. If your closet is filled with clothes,
That you don't wear anymore,
Wash them up nice and give them away,
To the second-hand store.

CHORUS

3. If your shelves are filled with books,
That you no longer read,
Give them to the library or a friend;
It might be just what they need.

CHORUS

4. She likes to play and have some fun
With stuff all over the place,
But soon the house becomes a mess
And you don't have any space.

5. So tidy up, put things away,
And share what you don't use,
Reduce, recycle and reuse,
To chase away the Clutter Bug blues.
